Why AVer ?

Innovative Market Leader

An award-winning provider of professional video conferencing solutions, AVer is devoted to developing innovative and stylish audiovisual collaboration solutions that enhance your business's productivity and increase your competitive advantage.

World-Class Quality

Thanks to seamlessly integrated software and world-class video quality that match any type of meeting room, AVer is compatible with most cloud- and web-based conferencing applications and is also certified by Microsoft Teams, Skype for Business, Zoom, Googe Meet and Barco. We are committed to improving integration for the best video conferencing experience available.

Compatible Applications

Zoom, Microsoft® Teams, Skype for Business, Skype, RingCentral, Google Meet, Intel® Unite™, BlueJeans, V-Cube, Fuze, CyberLink U Meeting®, TrueConf, Adobe® Connect™, Cisco Webex®, LiveOn, GoToMeeting™, Microsoft® Lync™, Vidyo, vMix, WebRTC, Wirecast, XSplit, OBS
USB
Video Conferencing

The Perfect Video Solution for Any Meeting Room

Using a USB video conferencing camera is now a common way of team collaboration for businesses all around the world. As AVer strives to create the most effective collaborations, we provide plug-and-play USB solutions that are equipped with the best video quality and the latest smart functions, making them ideal for use with third-party software.

Huddle Rooms

Huddle rooms are suitable for one to five people and provide a creative space for brainstorming, collaborating, and video conferencing. The AVer CAM130, CAM340+, and VB130 are specifically designed for these rooms to allow instant remote collaboration with your business associates.

CAM130

For Brighter and Better Meetings

Conference Camera

· Professional 4K camera offers lifelike imaging
· Intelligent lighting automatically adjusts to fit light conditions
· Lens cover secures privacy in a virtual world
· Auto framing and Preset framing that's easy to use
· Multiple mounts serve diverse purposes

WFH | 2 x 2 (m)   Phone Room | 2 x 2 (m)   Focus Room | 3 x 3 (m)

CAM340+

Captures the Entire Huddle Room

Conference Camera

· Premium video quality via Sony® 4K sensor
· Fit everyone into your meeting with a 120° FOV
· Built-in microphone provides clear audio for remote-end participants
· Freedom to collaborate anywhere

Phone Room | 2 x 2 (m)   Focus Room | 3 x 3 (m)

Huddle Rooms

Huddle rooms are suitable for one to five people and provide a creative space for brainstorming, collaborating, and video conferencing. The AVer CAM130, CAM340+, and VB130 are specifically designed for these rooms to allow instant remote collaboration with your business associates.
VB130
Simply Brighter and Better

Video Bar
· Ultra-Clear 4K imaging with flexible FOV
· Always appear energetic via intelligent lighting
· Uninterrupted collaboration with AVer's Audio Fence
· Exceptional audio quality via Beamforming Technology
· Audio tracking and Auto framing to precisely capture
  speakers in seconds

Phone Room | 2 x 2 (m)   Focus Room | 3 x 3 (m)

Small Rooms

Small rooms can fit up to groups of five or seven people and are designed for client presentations and scheduled conferences. By utilizing AVer's VB130 and VB342 Pro, video group calls are made easier than ever with more efficiency and exceptional audio and video quality for your business.
VB130
Simply Brighter and Better

Video Bar
· Ultra-Clear 4K imaging with flexible FOV
· Always appear energetic via intelligent lighting
· Uninterrupted collaboration with AVer's Audio Fence
· Exceptional audio quality via Beamforming Technology
· Audio tracking and Auto framing to precisely capture
  speakers in seconds

Small Room | 4.5 x 4.5 (m)

VB342 Pro
Uninterrupted Clarity
